

Miguel Clase

@all

Me operan el martes 14, se entrega el 15, así q
no podre casi q ni estar en la entrega ni por
supuesto presentar el 16 (me operan de la
garganta)

**(no es broma)
(realmente)
(realmente no puede hablar)**

what is current?

see it for yourselves!

The screenshot shows a login interface on a light yellow background. On the left is a dark green sidebar with icons for home, search, add, calendar, location, notifications, and profile. At the top center is a cartoon beaver character with a pink speech bubble saying "Welcome Back". Below this is the "Log In" heading. The form includes a "Username" field, a "Password" field with a toggle icon, a "Forgot password?" link, a "No account yet?" link, and a "Sign up" link. At the bottom is a green "Login" button with circular icons on either side.

sprint retrospective

SPRINT 3 IS DONE!!

let's see how this final week paid off...

sprint retrospective: things we did well

ACTION

Set Internal
deadlines
+
Remove PRs
entirely

ACHIEVEMENTS

- Help QA avoid merge conflicts
- Members solve them and push cleaner code
- Quicker and smoother development

MEASUREMENT

Total time
dedicated to
QA tasks

SPRINT 2 RESULT:

74h 45min

SPRINT 3 RESULT:

37h 04min

sprint 3 has left personal conflicts...

lies are short-lived...

SOLUTION

**DELIVERABLES
REVISION**

some people slack off

SOLUTION

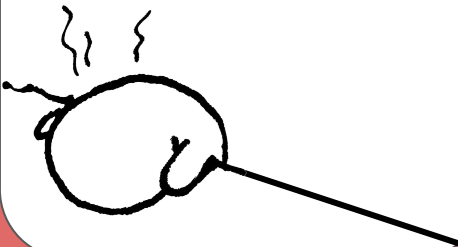

**INTERNAL
DEADLINES**

throwback: sprint 2 problems faced

PROBLEM

Late task assignment

SOLUTION

- Rough task assignment for whole sprint at the beginning

MEASUREMENT

Correctly assigned tasks
at the beginning

Total # of tasks

THRESHOLD:

85 % accuracy

SPRINT 2 RESULT:

N/A

We'll revisit it in 2 weeks

revision: sprint 2 problems faced

PLANNED SOLUTION

Reduce average
time to assign tasks

EVOLUTION

46.52h → 40.95h

PLANNED SOLUTION

Minimise incorrectly
assigned tasks

THRESHOLD

85%

RESULT

90%

lessons learned

- the early bird catches the worm

- we need to raise the bar

- last minute ideas were never good
